STANDARD OPERATING PROCEDURES (SOPs) FOR BARS AND NIGHT CLUBS DURING THE EBOLA RESPONSE

JUNE 2026

1. Entry Screening

- ✱ Check temperature of all staff, customers, suppliers.
- ✱ Anyone with fever or symptoms such as vomiting, diarrhea, weakness, or abdominal pain should not be allowed entry and should be referred to the nearest health facility or reported through designated channels.

2. Hand Hygiene

- ✱ Ensure handwashing facilities with soap and water or alcohol-based hand sanitizers are available at all entry points and all tables in the bar / nightclub
- ✱ All persons should sanitize or wash hands upon entry and regularly while on the premises.

3. No Sharing Of Drinking Items

- ✱ Do not share cups, glasses, bottles, straws, or utensils.
- ✱ Each customer should use their own drinking item throughout their stay.

REMEMBER

*Do not share cups, glasses, bottles, straws, or utensils.
Each customer should use their own drinking item throughout
their stay.*

4. Cleaning And Disinfection

- ✱ Frequently clean and disinfect all surfaces, including counters, tables, chairs, door handles, railings, and washrooms.
- ✱ Ensure used glasses and utensils are thoroughly washed and sanitized before reuse.

5. Staff Health Monitoring

- ✱ Staff with fever or any Ebola like symptom should stay at home and seek medical attention.
- ✱ Managers should monitor staff health daily and report any suspected cases immediately.

6. Public Awareness

- ✱ Display Ebola prevention messages within the premises.
- ✱ Encourage staff and customers to report symptoms early and avoid physical contact with sick individuals.

For more information or to report a suspected case of Ebola Virus Disease (EVD) call the Ministry of Health toll-free line on 0800-100-066 or send a free SMS to 6767.
