STANDARD OPERATING PROCEDURES (SOPs) FOR HOTELS AND RESTAURANTS DURING EBOLA RESPONSE

JUNE 2026

1. Purpose

To prevent and reduce the risk of Ebola Virus Disease (EVD) transmission among guests, customers, visitors, and staff.

2. Entry Screening

- ✱ Conduct temperature screening for all guests, customers, staff, suppliers, and visitors before entry.
- ✱ Anyone with fever or symptoms such as vomiting, diarrhea, severe weakness, or unexplained bleeding should not be allowed entry and should be referred for medical assessment.
- ✱ Maintain a record of screened staff and visitors where applicable.

3. Hand Hygiene

- ✱ Provide handwashing facilities with soap and water and/or alcohol-based hand sanitizers at all entrances, reception areas, dining areas, conference rooms, and washrooms.
- ✱ Require all guests and staff to wash or sanitize their hands upon entry and regularly during their stay.

4. Food and Beverage Service

- ✱ Ensure food is prepared and served under strict hygiene conditions.
- ✱ Do not allow sharing of cups, glasses, bottles, straws, cutlery, or eating utensils among customers.
- ✱ Ensure all utensils, crockery, and glassware are thoroughly cleaned and sanitized after each use.
- ✱ Staff handling food must maintain proper hand hygiene at all times.

5. Cleaning and Disinfection

- ☀ Frequently clean and disinfect surfaces, including:
 - Reception counters ➤ Handrails
 - Tables and chairs ➤ Payment machines
 - Door handles ➤ Washrooms
 - Lift buttons ➤ Conference facilities
- ☀ Increase the frequency of cleaning in common areas and guest rooms.

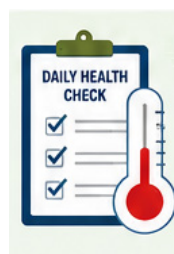

6. Guest Rooms and Accommodation Areas

- ☀ Ensure routine cleaning and disinfection of rooms before occupancy by new guests.
- ☀ Housekeeping staff should practice hand hygiene before and after servicing rooms.
- ☀ Report any guest who develops symptoms suggestive of Ebola to management immediately.

7. Staff Health and Safety

- ☀ Conduct daily health monitoring of staff.
- ☀ Staff who develop fever or other symptoms should not report to work and should seek medical attention immediately.
- ☀ Train all staff on Ebola prevention measures and reporting procedures.

8. Handling Suspected Cases

- ☀ Isolate any guest or staff member who develops symptoms in a designated area and report to the Ministry of Health or District Authority immediately
- ☀ Avoid direct contact with bodily fluids such as blood, vomit, saliva, urine, feces, sweat, or semen.

9. Meetings, Conferences and Events

- ✱ Ensure hand hygiene facilities are available at all venues.
- ✱ Encourage participants who feel unwell to avoid attending events.
- ✱ Regularly clean and disinfect shared equipment and frequently touched surfaces.

10. Risk Communication

- ✱ Display Ebola prevention messages in reception areas, restaurants, guest rooms, conference facilities, and staff areas.
- ✱ Encourage guests and staff to report symptoms early and seek medical attention promptly.

For more information or to report a suspected case of Ebola Virus Disease (EVD) call the Ministry of Health toll-free line on 0800-100-066 or send a free SMS to 6767.
